

ORGANIC AFRICA PAVILION

Catalogue

2008

Hall 4: 340-440

TASTE OF AFRICA

Introduction

This year at Biofach the African Pavilion promotes organic products from Africa and presents them to the European Market. About 87 companies have registered and are displaying their products / services in the African Pavilion. Some companies have their stand in a combined country stand. Others are displaying their products in their own stand.

Green section.

In the catalogue you can find all companies and organizations displaying their products in alphabetical order.

Yellow section.

A large variety of products are to be found in the stands varying from commodities like coffee, to products like cotton ranging to essential oils and shea butter. To easily find the companies involved in export of a specific product a product list is included.

Blue section.

Thirteen African countries are represented in the African Pavilion. All companies within this catalogue are listed in the country list to easily find information concerning a specific country.

Red section.

To complete the catalogue, a list of service providers is included. These include companies involved in advise, The Organic Movements, Organic certifiers consultancy and training and supporting organizations.
